THEODORE SAAL, ARIZONA ORGANIZER

"Our Best Peace Society" The Navy League of the United States is a non-partisan patriotic society. Its purposes are to acquire and spread before the citizens of the country, information as to the condition of the United States naval forces and ships, and to awaken public interest and activity in all matters tending to aid, improve and develop the efficiency of the navy.

Specific Work Undertaken For a consistent, continuing program of naval construction that will furnish, as recommended by the General Board of the Navy, an ultimate force of 48 battleships, including necessary auxiliaries.
For a Council of National Defense.
For an improved and a just Personnel Law.
For a Naval Reserve which will include honorably discharged men of the Navy, the Naval Militia and men from the Merchant Marine.
For a strong Merchant Marine which can serve as an auxiliary to the navy in time of war.

National Defense The Navy is our main defense. Undeveloped resources invite aggression. The United States Navy has 23,000 miles of coast line to defend. The United States Navy has more harbors with large cities and a larger number of strategic points to defend than has any other nation's navy.

The trained writers and experienced representatives of the Navy League will see that not a dollar appropriated for national defense gets into the "Pork Barrel."

The "Seven Seas" Magazine

One of the most potent forces for binding together the membership of the Navy League is our monthly magazine, "The Seven Seas," the current number of which has just come from the press. "Seven Seas" is beautifully illustrated and contains articles and stories on all the fascinating subjects of the sea, ships, romance, foreign trade, travel Merchant Marine, etc. The subscription price is \$1.50, but "Seven Seas" is mailed free each month to members of the Navy League.

Now is the time to Strike For an adequate navy. All of our members are doing splendid work in molding public opinion. By this means is the Navy League increasing in numbers and influence. We should have more than 100,000 members before Congress convenes in December. We want you to become a member now. We need your help. Please use the form below.
